

**Message & form to send out below:**

To the Parent/Guardians and Students of Notre Dame,

Below is the link for the Notre Dame Parent and Student Health and Safety Expectations Form that we require all families to complete by Wednesday, Sept 23. This form only needs to be completed one time this school year for your child. For families with multiple children we ask that you please complete a form for each child.

[Notre Dame Parent and Student Health and Safety Expectations Form \(click here\)](#)

Submitting this form is confirmation that you understand and support the expectations outlined in the Parents/Guardians and Student health check form. The student's health should be checked every morning prior to the student departing for school. In the event that a student develops any of the symptoms listed in the form, it is the responsibility of the family to keep the student home. If the student develops symptoms while at school, this form is an acknowledgment that the Parents/Guardians are responsible for picking up the student immediately and an understanding that the student will be isolated until they have been picked up by their parent or designate.

This form is a recognition of the responsibilities of the family and student regarding the health and safety measures of the school and the commitment to have the student stay home if they are sick. This is to ensure the health and safety of the entire community. The form will only be required to be completed once but the responsibilities and commitment are for the entire school year.

We thank you for your support in keeping the students and community of Notre Dame safe during these challenging times.
